Global Medical Response

DON'T LET YOUR MASK DOWN!

#MaskUpGMR

MASKUP GMR: MANDATORY MASK POLICY

COVID-19 cases, hospitalizations and deaths are rising again. In our own GMR community, cases of COVID-19-positive employees are spiking.

With a vaccine still weeks, probably months away, social distancing and wearing a mask are our only lines of defense. Wearing a mask is a critical component of Universal Precautions and we have not been consistent in our compliance.

EFFECTIVE IMMEDIATELY: Masks are required for all GMR employees in all facilities, in all vehicles and aircraft and wear appropriate PPE for all patient contacts

- Wear your mask at all times when in a GMR facility or on a patient call
- If you see someone not complying, say something, email **MaskUp@gmr.net**
- If local or national leaders are not complying, email **MaskUp@gmr.net**

Protect yourself, protect your families, protect your patients.

We are in this together, please stay safe!
